MEMORANDUM FOR: Project Director

SUBJECT: NSA Support While AQUATONE
is Operational

I spoke to Mr. Sheldon as you suggested regarding possible arrangements whereby NSA could keep us currently informed while we were operational. He told me that he had spoken to General Samford about this and that it was left that you would be in touch with General Samford for a direct discussion when you were ready. Mr. Sheldon says that this can take place at any time convenient to you, that he not be included (though he would arrange it if you desire), and that he would appreciate being kept informed of what transpires.
